

Forum on Tracking Detector Mechanics

La Biodola (Isola d'Elba), 1-5 June 2026

Topics

- Innovative cooling systems
- Environmental control and innovation
- Material qualification and characterisation
- Precision mechanical and lightweight system engineering
- Tracking system integration and lifecycle management
- Advanced simulation, validation and design tools

Steering Committee

- Eric Anderssen, LBNL
- Corrado Gargiulo, CERN
- Andreas Jung, Purdue University
- Andreas Mussgiller, DESY
- Antti Onnela, CERN
- Fabrizio Palla, INFN - Pisa
- Paolo Petagna, CERN
- Burkhard Schmidt, CERN
- Bart Verlaat, CERN
- Georg Viehhauser, Oxford University

Local Organising Committee

- Gherardo Ammirabile, University of Pisa and INFN
- Daniele Benvenuti, INFN - Pisa
- Stefano Bettarini, University of Pisa and INFN
- Marco Chiappini, INFN - Pisa
- Roberto Dell'Orso, INFN - Pisa
- Anna Driutti, University of Pisa and INFN
- Franco Ligabue, SNS and INFN - Pisa
- Alessandro Mariotti, University of Pisa and INFN
- Maurizio Massa, *co-chair*, INFN - Pisa
- Enrico Mazzoni, INFN - Pisa
- Andrea Moggi, *co-chair*, INFN - Pisa
- Fabrizio Palla, *co-chair*, INFN - Pisa

Scientific Secretariat

- Lucia Lilli, INFN - Pisa
- Claudia Tofani, INFN - Pisa
